cream cakes, and raspberry shrub, and marmalade, and oyster pies, and cocoanut pies, and all sorts of nice things. All the large girls have had a feast, and why shouldn't group of little girls who stood in the up-per hall of Madame R— 's fashionable seminary for young ladies. "But what if we should be found out?" said Neilie Bruce. She was the smallest of the group, a timid-looking little thing with blue eyes and flaxen hair.

"Found out! We musn't be found out!" said Dora Stevens, "and we shan't be unless that tattling little Tommy Tyler gets at our secret. He would tell of it in a minute, the little scamp."

O, if they had only peeped behind the heavy curtains of the window beside them at that moment! For there was Tommy Tyler, curled up on the broad window seat, listening with all his might, and with his little, round, black cannot endure the sight of jam tart. eyes twinkling with engerness. "How shall we get the things?" said

"O, Chloe has promised to buy them generally known, that so greatly has the stock of short-horn cattle in this counfor us, and get them here Tuesday night, without being seen. We must wait unhas been the rounds, and then steal soft-ly up into Bella Norton's room; we'll have it there because its the largest room. Now all that we have to do is to collect

O. how Tommy's mouth watered! and

his eyes grew larger and rounder as each new _dainty was enumerated; for, next to tale-telling, Tommy's dearest delight to tale-telling, Tommy's dearest delight was in eating sweetmeats. Now, after the bell had summoned the girls to the schoolroom, he sat still and deliberated which of the two delights he should choose; to go and repeat to Madame R—the conversation he had overheard, or to tell the girls that eard, or to tell the girls that he knew their secret, and make them give him a share of the goodies to pay him for keeping silent. But would they do that? He was the pest of the school, he well knew. All the girls had disliked him from the first day Madame R——, who was his aunt, had brought him there, he was so full of mischief, and such a little telliale. The girls used to say that was because he was an orphan and had no other home that she kept him there. And he had no lessons to learn. Madame

straw.

And he had ho lessons to teach. Statute R——had given up trying to teach him anything. He would do nothing but mischief from morning till night.

"A little scamp!" Dora Stevens had called him. Tommy scowled flercely as he thought of it. sitting there alone. He would pay her for that. It was not likely that they would admit him to their feast on any terms; for they knew that would be sure to go and tell of them. But to give up all those delicious things that Dora Stevens had spoken of, and jam tarts, and chocolate taffy, and ice cream turned the scale. Tommy resolved that he would share in the feast, and very soon a bright idea darted into his mind.

only because he is planning some new mischief. You might just as well go and tell Miss Sharpe about it as to tell him. Madame wouldn't be any more sure to sappened that Tommy heard that

too. Having kept as near those girls as he possibly could without being seen, so not a word that they said about the feast need escape him; for if they should change their plans without his knowl-edge, the line scheme that his mischiefcretions of the body which are capable of producing the rich nitrogenous compounds so essential as forcing or leaf-forming agents in the growth of plants. The solid holds the phosphoric acid, the fiercest scowl imaginable, and shook his small fist angryly, yet triumphantly, at the door.

"Torment, am I, Dora Stevens? Just wait till to-night, and see if you'll ever want to call me names again."

It was eight o'clock at night, and all the light in the building were out. His light in the building were out. The farmer who saves all the light in the building were out. The farmer who saves all the light in the building were out. The solid holds are capable of producing the rich nitrogenous compounds of producing the rich nitrogenous compounds and a delight."

Somman and a delight."

Somman and a delight."

Sunday School Text Books.—After using the prepared lessons, and the growth of plants. The solid holds the phosphoric acid, the lime aud magnesia which go to the seeds principally; but the liquid, holding nitrogen, potash and soda, is needed in forming the stalk and leaves. The two forms of plant nutriment should never be separated or allowed to be wasted by neglect. The farmer who saves all the light in the building were out. The solid holds the phosphoric acid, the light in the building were out. The solid holds the phosphoric acid, the weekly lessons, with which our Sunday school journals are flooded now, many school

LIQUID EXCREMENT—How strangely we overlook the value of the liquid excrement of our animals! A cow, under ordinary feeding, furnishes in a year 20,000 pounds of solid excrement, and about 8,000 pounds of liquid. The comparative money value of the two is but slightly in favor of the solid. This statement has been verified as truth, over and over again. The urine of herbitverous animals holds nearly all the secretions of the body which are capable of producing the rich nitrogenous cem—think as little as possible, meditate rathed in fallow; dismiss sermons, studies, parish work and parish duties; and account every ataud parish duties; and ac

want to call me names again."

It was eight o'clock at night, and all the lights in the building were out. Miss Sharpe had gone her nightly round, looking into every room, and seeing that its Sharpe had gone her nightly round, looking into every room, and seeing that its occupants were all safe in bed, and had now retired to her own, and the "dream sprites" were already hovering about her night-cap. But there were a good many little night-caps that the "dream sprites" were not destined to hover over much on that night. Chioe had been faithful to her trust; the "goodies" had been secretly hidden away in a great basket under Sallie Dana's bed all the afternoon, and for two hours past Chloe had been secreted in the same place, for the girls could not dispense with her services in arranging the table. And services are all safe in bed, and the same places for immense service to far mers, when used as an absorbent, and the sand absorbent, and the stable have used all kinds of lessons in Sunday school work, and are wilking to say that for intelligent teachers and bright upplies the fachers and bright upplies the cist and the stable should be so constructed as to admit of a wide passage in the tright school text books, than the question books of Dr. Jacobus accompanied with his notes upon the portions of the Bible under consideration. We have used all kinds of lessons in Sunday school work, and are wilking to say that for intelligent teachers and bright upplies that for intelligent teachers and bright upplies that for intelligent teachers and bright that for intelligent teachers and bright upplies that for intelligent teachers and bright upplies that for intelligent teachers and bright upplies that for intelligent teachers and bright u basket under Sallie Dana's bed all the afternoon, and for two hours past Chloe had been secreted in the same place, for the girls could not dispense with her services in arranging the table. And now Dora Stevens had stolen softly into Sallie Dana's room; she, and Sallie, and Chloe were to set the table, and at a given time all the other girls were to assemble there.

And a tempting sight that table was when they came filleing in, as silent as shadows, until the door was closed, and then uttering exclamations of delight, yet in very subdued tones, lest some echo of their voices should find, its way to Miss Sharpe's ears.

In an article written in reply to the question, "Can an educated man make all the orities of the question, "Can an educated man make all they writes: "I have question to book contain the book of Scripture which is to be studied, the entire catechism, the question book, and an excellent colored map. These books are furnished for fitteen the subject, by experienced persons, no count, and they would have to would have there.

And a tempting sight that table was shadows, until the door was closed, and the subject, by experienced persons, no oubt, of the glories of farming, of the survey subdued tones, lest some echo of their voices should find, its way to Miss Sharpe's ears.

Class of the Reading

published in this county, and because it furnishes each week nearly three columns more reading than all the other pa contributors than any other paper in Northern Ohio.

Third.--Because it is in every sense of the word, "a live paper," "for live people,"
Fourth.--Because it is, in the broadest sense

er Social, Religious or Political, Fifth.-Because its articles are all to the point, and its columns are not filled with long and prosy essays devoid of all interest. Sixth .- Because it gathers the news from all quarters of the world, by telegraph and through its own special correspondents and re-porters, and condenses it into such brief shape as to present a reliable mirror of all that is go ing on in this and other countries. Stock, grain, groceries and agricultural pro ducts, of home and foreign markets are always

reliable. Eighth .- Because it is a paper for the Hom Circle-always having something for the young folks, as well as for the old folks; something for the humorous as well as for the thoughtful something for the gentlemen as well as for the ladies; in fact, something for all tastes.

The JOURNAL presents the greatest number of

T. WHITAKER. BOOK BINDER, No. 94, Cor. Main & St. Clair Sts.,

Where so much attention is paid to illustra-tion and get up of the work, too much depend-ence on appearances may very naturally be feared. To anticipate such misgivings, it is only necessary to state, that, the editorial man-agement of THE ALDINE has been intrusted to Mr. RICHARD HENRY STODDARD, who has TAVING ESTABLISHED THE BUSINESS

will contain nearly 390 pages, and about 250 fin-ngravings. Commencing with the number for anuary, every third number will contain; contiful timed picture on plate paper, inserted a fountimise. as a frontispiece.

The Christmas number for 1872, will be a splendid volume in itself, containing fifty engravings, (four in tint) and, although retailed at one dollar, will be sent without extra charge to all yearly subscribers. at reasonable prices, and of the best paper a bound in plain and fancy bindings. I take pleasure in calling the attention of my customers and friends generally to the advertisement below, of an arrangement with the Painersille Serieuge and Loan Association, by which not only ample capital and greater facilities will be added to my former General Banking Rusiness, that will offer in its SAVINGS DEPARTMENT a desirable and acceptable feature to the mubile. PARTMENT a desirable and acceptances confi-to the public.

With grateful feelings for the business confi-dence and liberal patronage I have so many years enjoyed, I respectfully solicit for our As-sociation a continuance of the same—confident-ly trusting that the well-known integrity of character and responsibility of the gentlemen connected with the Association will commend it to public favor. HORACE STEELE. Painesville, Ohio, Nov. 8, 1871.

Savings & Loan Association Capital \$100,000,

Is now organized and will commence operation on Monday. Nov. 13th, 1871, and in addition to the transaction of a General Banking Business, We desire to call the attention of the publi

Savings Department

To The Public!

To all who desire to obtain a Thorough Musical Education, the present opportunities are such as to commend themselves to every one. Stranged in one of the most beautiful villages upon the Western Reserve, only an hour's ride distant from Cleveland, surrounded by a country abounding in pleasant drives and picturesque scenery, with a full and competent corps of instructors, the Conservatory presents artvantages which place it far in advance of any other similar institution.

THE NEW

TONTINE SAVINGS FUND POLICY is based on the above conditions, and present the following distinguishing features, which all ustrated by a Calculation of Probable Result on a policy of Ten Thousand Dollars, at Ord ward like institution.

First—Sale of Policy to the Company. TONTINE SAVINGS FUND POLICY s based on the above conditions, and presents he following distinguishing features, which are First-Sale of Policy to the Company.

SECOND-PAID UP POLICY. THIRD-AN ANNUITY. At the end of 15 years the profits will EXTINGUISH HE ANNUAL PREMIUM, and, with the subsequent

Consulting Actuary. Persons intending to assure their lives will find it to their advantage to examine this new plan with care. Documents, giving full particulars of the rules of the Company with regard to the Issue of the above Savings Fund policy, extended tables of rates, and other interesting matter, may be obtained by application to

Robert McCormick, Agent. Or any of its Representatives throughout the United States and Canady. 24dk61-2.
